

# Transloetje

9.8 in x 6.3 in

## The Story

Transloetje is inspired by Grandma's table lamp but reinterpreted and redesigned to fit perfectly in these modern days. Transloetje proved to be an instant hit. No wonder because with its versatile and highly decorative character it looks stunning both on and off.

## IT'S THE INSIDE THAT COUNTS

Thanks to its transparency, the old-fashioned light bulb is the center of attention. But don't be fooled, despite of its retro appearance the lamp is in fact an energy saving LED light. Equipped with a tactile switch, the lamp turns on by a simple touch of its base. Tap again to increase the intensity and brightness of the bulb. Transloetje comes in 8 different colours... all equally sweet.
